STAY SAFE ON THE TRAILS

For your safety and the protection of Hocking's unique habitats and wildlife, visitors must REMAIN ON THE TRAIL at all times!

Consider the following while hiking:

- Use caution on muddy, wet and/or icy trails.
- Prepare for trail conditions—wear proper footgear and clothing, and bring along water.
- Plan ahead—make sure you are off all trails before dark when the park is closed.
- No swimming or wading in any water.
