A PUBLIC MARINA FACILITY AT
CAESAR CREEK STATE PARK

DATE OF ADDENDUM: SEPTEMBER 9, 2015
BID OPENING DATE: OCTOBER 1, 2015

Section D(1) of the original RFP shall be deleted and replaced by the following Section D(1):

D. DESIGN AND CONSTRUCTION

1. General.

The Contractor shall construct 81 slip “B-Dock” and additional associated parking as a mandatory bid requirement. The Contractor shall construct 81 slip “B-Dock and additional associated parking as a mandatory bid requirement.” “B-Dock” must meet the same performance specifications as “A-Dock” and “C-Dock” and must be constructed with similar materials and be similar in appearance. Contractor shall be responsible for all plans, permits, and construction of all docks and parking areas not already secured by the Department. Additional dock and parking construction may be proposed by the contractor to supplement the docks installed by the Departments construction project and the mandatory “B-Dock” bid requirement. The Contractor may include in his proposal additional improvements as he considers necessary to enhance the operation potential of the facilities. These facilities must be shown schematically in the proposal to enable proper evaluation. The general quality and character of the Contractor proposed improvements shall meet or exceed those constructed by the State. Preliminary and final designs, along with required permit application materials, must be approved by the Chief and all other required entities.
